“ I remember Maxine from my years (1990-95] working at HyVee. She was one of our “regulars” that we all enjoyed visiting and joking around with. She was always up for giving us a hard time, and of course, we gave it back to her! Even years after I left the store, it was so enjoyable visiting with her when I saw her around town. What a great lady...I am so sorry for you family’s loss.

“ Dear Maureen, Phyllis, Jeannie and Cathy and families,

How have the years sped by so quickly that we are now saying goodbye, until we meet again, to your precious Mom.

So many good memories of playing cards, laughter, Ron and Larry cheating in cards and me and your Mom trying to play to beat their outrageous bids with nothing in their hands..

How precious it was to have their support in all of our trials and all of the love both of your parents shared with us and so many others.

Remembering your front porch in Northwood being filled with our furniture until we found a job and place to live.

Remembering how your Dad came with us to Kansas City to move us back to Iowa and all of the laughter.

Remembering all the great desserts and meals your Mom made for us and how much we enjoyed being part of your family every time we came home.

Remembering the fields of Iris's near Glenwood that we would stop and pick to bring to your Mom every chance we got and how happy she was to get them.

Remembering graduation day at NIACC when Maureen and Larry graduated at the same time and being at your home after to celebrate.

Remembering when Aunt Shirley's husband died and the phone call asking your Dad and Larry to be pallbearers and both saying, of course.

Remembering the only person, in my life calling me sweetheart (your dad) every time he saw me and your Mom's big smile when we walked in the door.

Remembering when your Mom and Dad built the house off of 3rd NE when you were little, having a picnic walking on the floor above the basement before the house was

finished. And how excited your Mom was to have the house finished and the neighbors also joining us.

Remembering when the 3 boys didn't think there was a Santa anymore and Ron came in his Santa suit, knocked on the window and ran away as fast as he could leaving presents at the door and the looks on the boy's faces and joy and disbelief of the moment.

Remembering your Mom and Dad coming to visit us in Frederic, Wisconsin and your Dad and Larry (well mostly your Dad) building the deck on our house and how gently yet laughingly re-instructed Larry on how to do it correctly and the pride the two of them had when it was beautifully finished.

So many wonderful memories your Parent's gave to so many.

Another era of our dear loved ones gone and so many wonderful memories in their presence that they provided to each of us. A foundation of love and acceptance, fun, great piano (your dad played the gospels) and your mom's amazing smile that lit up a room. And when your dad would do something really silly your Mom would say "Father" don't do that!"

Even though our birthdays were a day apart, we happily shared them with cards, flowers, phone calls and all good memories.

Maxine, you were the strongest to stay with us the longest and your love and love of family and the Lord will never be forgotten. I have always called you and Roland my Aunt and Uncle even though we are 1st cousins... You both mean the world to me and always will. To God Be the Glory that you are back together with those you have missed so much. Sondra, Larry and family.
