“ *There are things that happen in this life for which there are no words.
They touch us all so deeply that we will never forget.
Ezra is that unforgettable illuminous guiding star that leads us through the night beckoning us to become better people.
Always he is teaching us to emanate kindness and from the cisterns of our hearts generously pour it into the empty cups of all who need.
Ezra teaches us strength.
Not of the physical body but, strength of mind and soul.
From his ethereal seat he inspires our minds with purpose.
As the penetrating spire of his light nourishes our souls with the dynamic energy of the cosmos until they are so imbued we cannot help but, shine his loving light into this wide world.
For such a little one his power is great, his radiant light brilliant, his loving heart encompassing.
All who knew him, who knew of him will forever be touched and never forget to share his brilliant light.
You are greatly loved little Ezra, now and for always.*

Our hearts go out to you Schy, Alex Tristan, Sebastian, Estella, Ed, Fidel, Isabeau, Thalia, and all of little Ezra's family.

As family you have each other always but also know, you have the love and kinship from all of us who knew of your Ezra, Our Guiding Star.

With much love, Eve and Reuben Montalvo
