“ *I had so much fun working the graveyard shift with Janyce at the Rockwell Nursing Home. Our years of working together formed a friendship that continued throughout our life. We had the type of relationship that we may not see each other for years, but when we did, we would pick up where we last started. I shared some great memories with Janyce, Like getting off work at 7 a. m. Go to Jean's Cafe for breakfast while we waited for the town bar to open. People thought we were a couple of luses sitting outside the bar waiting for the bartender to open the door. When in fact it was no different than anyone else getting off work in the afternoon and stopping for one or two before heading home from work. Love small town living... I especially enjoyed an outing to Greene River Days, after working all night with no sleep! I hope they have plenty of Lime vodka in heaven! Rest in Peace my friend,*
