“ I am heartbroken ! John and I were high school buds that drifted apart. One of our trio passed away a couple years ago and John contacted me on LinkedIn to let me know about it. He asked me if I still had my Ham Radio license but the fact was I never got it. Again we went our own ways but I was encouraged to study so that I could surprise him one day on the airways. I did get my license in May 2023 so had sent him an email and DM on LinkedIn but got no response and now I understand why! My fondest memory is of him taking his drivers license test in my moms 1968 Automatic Stick Volkswagen, scared me silly driving that car but he was good at it !!

73's my friend and we will definitely have that QSO on the other side. Till we meet again !

“ I only knew John through talking to him on Amateur Radio. He was always very polite and friendly. I'm sorry to hear he was in pain but rejoice that it is now finished and his pain is no more. To one who loved to use the phrase "Roger D" I'll say 73 from a fellow ham radio operator!

“ We will miss you. My two older children called John papa (grandpa). My daughter was the closest to John. Glad to know that you are free from any and all pain.

DP

Thank you Teresa for the caring words.

Debbie Peck - February 13, 2023 at 10:00 PM

TH

Anytime sweetie. He was a big part of my life and my two oldest children's lives.
