I'm still reeling that you're gone. I'm still in this altered reality, we talked about the virus, you said you were afraid, and then I found out you were gone. Too soon Mindy, too soon.

“ I went to Drake with Mindy. She was then, as she was throughout her life, never “half-staffed”. (Unless it had to do with cleaning) She always “did” things. I never threw a party in my life with a guest book. She did that in college, and kept the damn thing!! I think to honor her is to “do” something, and maybe even overdo something. Personally, I’ll be leaving my garage a mess in her honor.
