“ My name is Ric Colby. I worked at NWSPS for 27 plus years! In that time, it was my pleasure to work with Roger in the lab part time! When he retired, I was able to go to the lab full time for a while! Roger was a great teacher for me and many others. He was a good friend and I miss him. It's sad that when we retire, we lose track of good coworkers!! May Roger go in peace with GOD's speed!
