“ Shirley I am so glad we have been in touch these last few years. I don't know what I would've done without you when I lost mom earlier this year. You stayed up late nights, listening to me and giving me advice and guidance when I needed it the most. For that I will be forever grateful. I will never forget the day that we removed the sewing machine from the cabinet. We both laughed so hard I thought for sure that sewing machine was going to fall on my head. And also the day that I put that perm in your hair, even though I had never put a perm in my entire life for anyone. I will also cherish all the laughter that we shared, even when we laughed so hard neither one could speak. You will always be in my heart each and every day. Thank you for being the greatest aunt ever.

“ I am so glad we have been in touch these last several years, Shirley. Our best times together were in our senior year - coming back to school the evening before the school paper was due out the next day! Staying til midnight, typing like mad and running that mimeograph machine!!! Best school paper ever! Miss you, Sweet Friend.

“ with each passing year, I became more valuable because of her. can attribute my gold front tooth to a fight we had when my head hit a metal bed frame. I've had it since i was twelve. we always traded jobs with me painting Toms Harley and her sewing seats in my GMC and my black Chevy. fly high big sister. RIP love JELLY

“ I loved the past few years with Shirley. We spent many hours on phone and laughing and at times a teary exchange of hurts. Sharing memories and both of us bragging about our grandchildren was a favorite thing to do. Sewing was a hobby for each so loved doing that too. Will always treasure the two week visit she made to our house in Texas. She will be greatly missed.
