“ Vance D. Baird

“ Vance Baird was the ultimate "Friend of our family" in every respect and we loved him dearly! We met at a college tradeshow conference in 1984 and the bond was instant and genuine in every detail. My wife and I made several trips to Mason City on business and Vance was the perfect host in every respect. Vance made several trips to Florida for fun in the sun vacations and wild trips to wacky Key West, Florida. We had a ball every time! He showed us about underwater photography and wow, was he great at it! I captured a lobster, preserved it and hand delivered it to him with the inscription "Superfriend" on a gold plate to commemorate our friendship bond. One summer, he even brought a group of NIACC students to visit us in Merritt Island, Florida. We took them by boat to some local islands and showed them all about sea life, Florida birds and fishing.

Vance, wherever you are, we love you and miss you as a member of our own family! You will be loved and remembered by Chip, Joanne, Connie and Melissa Futch FOREVER! We really loved you buddy, you are the BEST! What an inspiration...my life is better having known you all these years!

“ To Vance's family, I well remember Vance through all my growing up years in Rockford and consider him a good friend. I see by his "history" nothing has changed . He was always moving and into whatever what available. He visited Ted and myself at the Mill in Rockford many times when we would be up north. Thanks to Fonda for the call. I wish I could be there but will have to just send prayers and talk to him in heaven. My thoughts and prayers are with all of you and know God will give you peace. Fondly Margaret Knight Zeran. “ I played basketball for Coach Baird in high school 55 years ago....and we always Called each other on our birthdays. He always wanted me to just call him Vance , but to me he was just “Coach”. He earned my respect and I will forever miss his calls and our occasional visits when I would make it back to Iowa. RIP my forever friend.

“ Today I am saddened by the loss of a very dear friend and mentor. A friendship which started and grew from a love of the underwater world and football of course, Vance was a top notch player. Having taken my first SCUBA course from him, then many many certification levels later our business partnership began. As co-owners of our dive shop and after many dozens of dive trips to the Caribbean and other coastal destinations, all I have are fun sun filled memories of barracudas and manta rays in watery flight. Go now and enjoy the raptures of your final wall dive Vance. You will be missed. Your friend, Al.
